WORK EXPERIENCE

06.22- 09.22 | A Cut Above Construction Ltd

Carpentry Apprentice

- Executed complex carpentry tasks, showcasing adeptness in wood craftsmanship and tool handling.
- Provided transformative renovations
- Requiring post-job travel to maintain client relationships and ensure project success.
- 32 hours a week made me physically enduring.
- Renovating and building attics.
- Building house extensions, bathrooms, living rooms, roofing, and insulation.
- Up to 8 renovations were created in Summer of 2022. For example, my team created an office attic in Swords Co Dublin, a bathroom in Naas, and back garden house extension in Dublin.
- Likewise experienced in demolishing old unneeded house structures, furniture and overgrown plants.
- Delivered top-notch service by prioritizing customer belongings and minimizing disruption to their daily routines, earning accolades for exemplary professionalism and dedication to customer satisfaction.
- Majority of customers were left 100% satisfied with job completion.

2018-2020 | Husaria Naas Gym

Gym-Assistant/Cleaner

- Actively helped in gym maintenance, sometimes participated in uploading or moving new equipment.
- Regularly cleaned gym mats, floor and equipment.

06.15-09.15 | Fastway Couriers

Package Delivery Helper

- Responsible for delivering customer bought packages within a mobile van.
- Delivering required handling large, small and vulnerable packages making sure it arrived whole and perfect.
- Customer satisfaction required package quality to be 100% clean and unbroken.
- Regularly dealing with customers, as some packages were immense in size and weight around 50-200 kilograms, and had to be moved into their rooms of choice.

TECHNOLOGY SKILLS

- **SQL Databases:** Group project in creating SQL databases.
- **Cisco Routers and Switches:** OSI, TCP/IP, LAN, WAN, IP addressing, Subnetting, PDU, Port security, Backup, Restore.
- **Web Development:** HTML, CSS, XML, Bootstrap, JSON, and JavaScript within Microsoft Visual Studio Code. Developed on personal web projects and team projects for college.
- **Java:** Utilizing Apache Java Net Beans, Visual Studio, sustainable amount of college labs and projects utilizing java.
- **Backend:** Socket.io, Nodemon, Node, and JavaScript packages.
- **Projects:** <https://github.com/NCIAlexGar.com> , <https://github.com/EskandarAtrakchi/Market-Live-Prices-Team-Project>.
